## DEMOCRATS IN LEAD

In Madisonville Registration,--  
Republicans Make Big Gain  
Over Progressives

The Registration Last Tuesday Shows  
that the Madisonville Democrats  
Have a Majority of 226 Over  
Republicans and Progressives

The total number of Democrats  
registering Tuesday was 524 as  
against 538 last October, a slight  
falling off but the supplemental  
registration will show an increase,  
it is thought.

The Republicans show strong  
in the registration over their  
"Bull Moose" friends, 243 "stand  
patters" registering as against  
55 Progressives. Last fall the  
Progressives had a majority in  
the city over the oldtimers, reg-  
istering 299 as against 185. Ma-  
jority of the Republicans and Pro-  
gressives failed to register.

Delegates RUDD and NEWTON Return  
From Meeting of Grand Lodge  
at Lexington

Thorman Rudd and Ernest  
Newton have returned home from  
Lexington, Ky., where they at-  
tended K. of P's. Grand Lodge  
Convention. They report a de-  
lightful trip, also report that  
Grand Lodge is in a very pros-  
perous condition, that the order  
in Kentucky is progressing in all  
its branches. They are high in  
their praise for the manner in  
which the Orphans home is being  
conducted. There are 84 bright  
and happy children in the home,  
who receive very best attention.  
They have a nine-months school  
in sight of the home and many  
of the brightest boys and girls in  
the school are inmates of the  
home. Two girls in the home  
receiving both prizes, (gold med-  
als) offered for the highest gen-  
eral average in the entire county  
school recently. A proposition  
to change the age limit for this  
order from 21 years to 18 years,  
was defeated. A proposition to  
suspend the "Kentucky Pythian"  
publication was also defeated.  
Ernest Newton had the honor  
of serving on the Insurance  
Co. of the Grand Lodge, that  
committee's report was accepted  
and was very commendable and  
should be very gratifying to the  
Insurance department.

Col. Juit Henry, of Hopkins-  
ville, was re-elected as representa-  
tive to the Supreme Lodge and  
Lucian M. Davis, also of Hop-  
kinsville, was elected as Grand  
M. of A. These Gentlemen are  
both very prominent in the order  
and are our neighbors, and use-  
less to say Bros. Rudd and New-  
ton helped to elect them both, so  
here's hoping that the order of  
K. of P's. in Kentucky will grow  
by leaps and bounds, for it de-  
serves it.

## FOREST NOTES

There are about 37 pines na-  
tive to the United States, of  
which 25 are western species and  
12 eastern.

Paraguay has valuable forest  
resources, the most important of  
which is quebracho, particularly  
rich in tannin.

Much of the cork used through-  
out the world comes from Por-  
tugal, which harvests about 50,000  
tons a year.

Germany is said to have an  
oversupply of forest; so that well  
educated men have hard work to  
secure even inferior positions.

One of the largest forest nur-  
series in the United States is con-  
ducted by the forest service near  
Haugen, Montana. It is known  
as the Savenac nursery and has  
a capacity of 4,000,000 young  
trees a year.

The forest of Norway are most-  
ly in private or municipal owner-  
ship, the nation owning 28.5 per-  
cent of the total forest area.  
The national forests of the United  
States occupy only about 20  
per-cent of the total forest area  
of the country.

When your food does not digest  
well and you feel "blue," tired and  
discouraged, you should use a little  
HERBINE at bedtime. It opens  
the bowels, purifies the system and  
restores a fine feeling of health and  
energy. Price 20c. Sold by St. Ber-  
nard Mining Co., Incorporated,

## WILL OPEN NEW MINE

WORK OF CLOSING MINE  
NOW IN PROGRESS

Victoria Closes old Works on Recom-  
mendation of Engineer Robinson.

The Victoria Coal Company  
has decided, upon the recommen-  
dation of its engineer, Mr. B. W.  
Robinson, to cease operation of  
its present mine and to open at  
once an entirely new operation  
on its property near Madison-  
ville. The Victoria has been a  
large producer for many years,  
but the owners have concluded  
that the best future and economy  
of the property lies in the plan  
now announced. Work on the  
new operation will begin in a  
short time. Mr. Robinson will  
proceed to salvage the property  
and close the old works. Plans  
have been formulated to provide  
good employment for the men  
now on the Victoria payrolls and  
the operators say they have an  
excellent lot of men. All who  
can be used at the Victoria plant  
will be retained they say. Mr.  
Robinson has tendered his resig-  
nation with request that he be  
relieved within a short time.  
He has been with the Victoria  
about a year. He resigns to ac-  
cept a position with a new con-  
cern in another state in charge  
of opening and developing of an  
important coal operation, which  
he has contemplated for some  
time.
